Attn: Talia Baker, CPARB Administrative Staff

Re: Letter of Interest,
Representative for Design Industry-Architect
Project Review Committee (PRC)

Dear Talia/members of CPARB:

I would like to communicate my interest in serving the CPARB as a representative on the PRC for the Design Industry-Architect Position. I am a licensed architect in the state of Washington (WA # 7190, NCARB Record #61853), and am a principal at DLR Group, where I currently lead our Northwest K12 practice. For the last 20 years, my work has predominantly been in the public sector, serving public school districts, institutions of higher education, and other municipal projects. I received my Associate DBIA credential in 2018.

I have a working knowledge and experience with alternate delivery projects, having completed over a dozen with the Pacific Northwest, including the following alternative delivery projects within the state of Washington:

- GC/CM - Tahoma High School, Tahoma School District (completed 2017)
- GC/CM - Ella Baker Elementary School, Lake Washington School District (completed 2018)
- GC/CM - McCarver Elementary School, Tacoma Public Schools (completed 2016)
- GC/CM - Marysville Getchell High School, Marysville School District (completed 2010)
- GC/CM - Steilacoom High School Renovation, Steilacoom Historical School District No 1 (completed 2009)
- GC/CM - Lincoln High School Renovation, Tacoma Public Schools (completed 2007)
- Design/Build - Cheney Stadium Design Build (consultant to City of Tacoma) (completed 2011)

As a client leader and principal in charge of projects for public institutions, my aim is to serve our clients, and their constituents, in achieving their vision, while being a good steward of public funds. Alternate delivery methods as permitted by RCW 39.10, are an important tool at the disposal of public institutions to realize their commitments and promises to the public.

The following references may be contacted to verify my experience:

- Brian Buck, Lake Washington School District, bbuck@lwsd.org; (425) 936-1102
- Lori Cloud, Tahoma School District, LCloud@tahomasd.us; (425) 413-3433
- Steve Murakami, OAC Services, smurakami@oacsvcs.com; (206) 285-4300
- Rob Robinson, Skanska, Rob.Robinson@skanska.com; (206) 494-5448
- Bill Dobyns, Lydig, bdobyns@lydig.com; (425) 885-3314

Sincerely,

DLR Group

Lisa K. Johnson, FAIA
